

# AYUSH GUPTA

Python Development Intern Aspirant

## DETAILS

### Email

ayug2025@gmail.com

### Location

Bhubaneswar, Odisha, India

### Phone

+91-7856831734

## SKILLS

- Python (strong)
- Django (learning)
- Flask (learning)
- REST APIs
- HTML5 / CSS3
- JavaScript (basic)
- Machine Learning
- Java (GfG course)
- C / C++
- DSA (GfG course)
- OOP
- Git
- VS Code

## EDUCATION

### B.Tech — CSE

Centurion University of  
Technology & Management  
Bhubaneswar

2025 – 2029

CGPA (Sem 1): **8.68 / 10**

2nd Semester (Ongoing)

## CERTIFICATIONS

### C Programming

GeeksforGeeks | 2025

### Java + DSA

GeeksforGeeks Paid Course  
2026 (Ongoing)

## SUMMARY

Motivated first-year B.Tech CSE student with a solid foundation in Python programming and a growing interest in backend and cloud-based development. Skilled in Python scripting, OOP, HTML/CSS, and REST API concepts. Actively learning Django, Flask, and Machine Learning fundamentals. Eager to contribute to Cloud Back's team by building scalable, high-quality web applications while continuously improving through mentorship and hands-on experience.

## PROJECTS

### Python Automation & Utility Scripts

- Built Python scripts for data processing, file automation, and task management using core libraries.
- Applied OOP and modular design for clean, reusable code following industry best practices.
- Practised debugging and performance testing to ensure optimal functionality.

### REST API Explorer (Learning Project)

- Consumed and tested public REST APIs using Python's requests library.
- Explored JSON parsing, error handling, and endpoint communication for seamless service integration.

### Personal Portfolio Website

- Built a responsive portfolio using HTML5 and CSS3 with cross-browser compatibility.
- Applied semantic HTML, clean layout design, and mobile-first principles.

## RELEVANT COURSEWORK & LEARNING

- **Python:** Strong grasp of scripting, OOP, file I/O, error handling, and standard libraries.
- **Django & Flask:** Actively learning both frameworks for scalable web apps and microservices.
- **Machine Learning:** Exploring data processing, analysis, and fundamental ML algorithms.
- **REST APIs:** Learning API design, endpoint creation, and integration patterns hands-on.
- **Java + DSA:** Enrolled in GfG paid course covering Java, data structures & algorithms.

## KEY STRENGTHS

- Python-first mindset — writes clean, efficient code for real-world problem solving.
- Fast learner — picking up Django, Flask, and ML concepts through structured self-study.
- Debugging & testing oriented — methodical approach to identifying and resolving issues.
- Collaborative and adaptable — thrives in team environments with mentorship-driven learning.
- Consistent academic performer — CGPA 8.68 in the first semester.

## DECLARATION

I hereby declare that all information provided is true and correct to the best of my knowledge.
